BOARD OF TRADE TAKES UP LOCAL DOMESTIC COAL SUPPLY

**Appoints Special Committee
to Confer with Operators
on Public's Behalf**

TO PLAN MEMBERSHIP DRIVE

A called meeting of the Board of Trade was held at the borough building Monday evening, at which time a number of important matters were taken up and discussed. In the absence of President Byerly, the chair was occupied by L. P. Flickinger, vice president of the organization.

The first matter to take the attention of the members was Membership Campaign, which will be inaugurated about the 15th of October. A committee composed of R. H. Rush, Kerfoot W. Daly, and H. E. Price was appointed to formulate plans and methods for this campaign and at the appointed time direct the drive which will have for its object the enrollment of every progressive citizen in the community as a member of the local organization. The hope was expressed that the time would soon come when the Board of Trade could afford to employ a paid secretary, who would be on duty every day to look after the details in connection with such an important office. The committee was directed to announce its plans as soon as they were prepared.

The local domestic coal situation was then taken up and discussed at length. Reports were presented which showed that it was almost impossible to secure any coal for domestic use, as operators of all mines are selling their product in the open market, which at the present time is offering very attractive prices. It was pointed out to the members of the Board of Trade that unless some concerted action was taken many families would find it impossible to secure a supply of coal for the winter, and that by co-operation some arrangement might be made whereby the needs of the people in this community could be taken care of. After some further discussion a special committee composed of Tom P. Sloan, H. L. Swickey and John B. Schafer was appointed to represent the Board of Trade. Vice President Flickinger will confer with the school board and borough council, with a view of having them appoint special committees to meet with the Board of Trade to formulate plans, and aid in securing the co-operation of local coal dealers in the movement. It is the intention of the Board of Trade to secure the delivery of coal for domestic uses at such a price as will prove equitable and satisfactory to all concerned.

The visit of the United States Board of Engineers, as well as prominent members of the Pittsburgh Chamber of Commerce, and the Pennsylvania Canal Board to Lock 4 was discussed and a special committee composed of Harry W. Scott, R. H. Rush and Kerfoot W. Daly was ap-

CASE AGAINST DONORA YOUTHS IS SETTLED

The five Donora youths arrested last Wednesday night on charges of larceny of five automobile tires, a headlight and an automobile wheel, were taken from the Donora lockup last Thursday and conveyed to the office of a justice of the peace at Fayette City, where the case against them was compromised. The owner of the accessories agreed to drop the prosecution on the payment of \$500, which was paid over by the parents of the boys. The material had been taken from a garage at Fairhope.

EXPECT IMPETUS IN SHIPMENTS OF COAL

An impetus in the movement of coal out of the Pittsburgh district for all points is expected to result from the action of the Interstate Commerce Commission on Monday in cancelling the order which gave to New England the priority in railroad cars.

At the same time the Commission modified its order relative to the supply of open-top cars to wagon mines. Copies of the order were received in Pittsburgh on Monday.

Order No. 11, which provided for the priority of cars for New England has been held largely responsible for the coal shortage that has existed in Western Pennsylvania and the Central West in general since it was put into effect several weeks ago. With its removal now, coal men say, the distribution of coal in other directions should be materially improved.

Several weeks ago the Commission issued an order restricting the use of open-top cars by wagon mines, especially those having no equipment. This resulted in, it is declared, many wagon-track mines suspending operations. A committee of these operators went to Washington and filed a protest against the order with the result that on Monday the Commission issued an order, directed to common carriers, that "Upon any day when a carrier by railroad is unable to supply any mine upon its line with the required open-top cars, open top cars shall not be furnished or supplied by it to any other mine which customarily does not load or is unable to load such open top cars with coal within 24 hours from and after the time of placement for loading by the carrier until all other mines have been fully supplied with open top cars."

School Teacher Shortage Serious in Fayette County

Conditions reported by the National Educational Association as being general throughout the entire United States are well illustrated by conditions in the smaller units of school administration. In Fayette county, for instance, there were a number of schools which failed to open at the usual time because of the lack of teachers, and although every effort has been made there are still 20 or more to be secured if several hundred pupils are to have the opportunity of attending school this winter.

In order to meet the crisis County Superintendent Carroll has been holding special examinations in his office in Uniontown every day for the past two weeks. About 35 applicants have taken examinations, but the percentage of failures has been high, chiefly because of the youth of those applying and the fact that they have not had the opportunity of "professional preparation" and "academic training" sufficient to promise even moderate success in taking charge of a school. Some have passed very excellent examinations and these have been placed. While it is generally true that it is the position offering the lesser salaries and for the most part rural schools, that are without teachers, this is not entirely true, for the salaries range from \$70 to \$140 and some of the vacancies occur in town schools. The shortage is greater than last year and will probably continue to be greater so long as high paid clerical positions paying, but offering employment for the entire 12 months may be obtained with less professional training than is required for teaching.

DON'T FORGET THAT TO- MORROW IS BUNDLE DAY

From reports coming in Charleroi is surely waking up to the "Bundle Day" relief suggestion. On tomorrow, Wednesday, September 22, an expression of good will and sympathy for the Near East sufferers will be expressed in a tangible way, and it will be an honor to have part in that relief work. Clothing, if clean, acceptable; if it should look shabby and out of date, donate it. Take it to the borough building some time on Wednesday and uphold Charleroi's good name for relieving the destitute. Trucks from Grants hardware and Masters store will call for bundles if notified.

STEAMER WHIGHAM WAS FLAG SHIP OF FLEET

The steamer William Whigham of the Carnegie Steel company line, in command of Capt. Cal Elazier, with Capt. Harry Shaw as pilot, was the flag ship of the Carnegie fleet last month, having transported 90,600 tons of coal from the upper pools to the by-product plant at Clairton. The steamer made 18 round trips in towing this tonnage. The steamer was selected by the company to carry the United States Engineers and others who are interested in the hearings in connection with the Lake Erie & Ohio River Ship Canal.

HOSPITAL ASKS FOR RE-HEARING IN CASE

The Monongahela Memorial Hospital authorities have asked for a re-hearing by the coroner's jury which heard the evidence offered at the inquest, held September 13th, into the death of Daniel Pakek, aged nine years of Cokeburg Junction, who died at the institution in Monongahela, and to have had a falling out with a partner. Later the slander action was lodged against him at the instigation of his partner, he states, and he was forced to leave the state. The North Carolina officials located him in Donora and forwarded a warrant for his arrest. The Sheriff of McDowell county started north on receipt of word that Deters was under arrest. In Pennsylvania slander is not an indictable offense, and on these grounds an attempt to secure his release will be made on a writ of habeas corpus.

WILL DELIVER LECTURE ON CHILD CONSERVATION

Mrs. Marion Simonson of Madison, Wisconsin, National Lecturer for The Child Conservation League of America, will give an interesting talk on "Our Job" before the parents of Charleroi on the afternoon of Wednesday, September 22 at 2:30 P. M. in the First Christian church. This charming woman will appear under the auspices and as the guest of our local organization, the Charleroi Circle of The Child Conservation League of America. Mrs. Simonson will be assisted by Miss Ethel Barth soprano.

Robert Courtney Smith, who was operated on at the West Penn hospital for appendicitis, died September 15, aged 33 years. Funeral services were held on Friday the 17th, with interment in Howe's cemetery. He is survived by his mother, two sisters Elsie and Flora and four brothers, Arthur, Murphy, Harry and Winsom.

BIG INSPECTION PARTY AT LOCK FOUR THIS MORNING

TO GIVE BEAUTY SHOW AND DANCE

H. Dolson and W. Mollenaur, both of Charleroi, are arranging for a beauty contest and dance, to be given in Might's auditorium, Friday evening, October 1st. Moving picture actresses, as well as the moving picture men of Charleroi, will act as judges, and prizes will be awarded. Invitations will be sent to a selected list of people, but invitations can be requested by those who may have been overlooked. One of the best orchestras in the valley will furnish the music.

ARRESTED ON A CHARGE OF SLANDER

George W. Deter, one of the best known characters in this section of the valley, was arrested in Donora or Friday by Chief of Police Smedley and Officer Ready on a capias issued by the Sheriff of McDowell county. North Carolina, on a charge of "slandering an innocent" virtuous woman. Deter immediately instituted habeas corpus proceedings to obtain his release.

Deter is a "globe trotter" par excellence, although he has many accomplishments in the way of mechanical trades. Recently Deter is said to have taken up a lot of valuable leases on ore lands in North Carolina, and to have had a falling out with a partner. Later the slander action was lodged against him at the instigation of his partner, he states, and he was forced to leave the state. The North Carolina officials located him in Donora and forwarded a warrant for his arrest. The Sheriff of McDowell county started north on receipt of word that Deters was under arrest. In Pennsylvania slander is not an indictable offense, and on these grounds an attempt to secure his release will be made on a writ of habeas corpus.

U. S. Engineers and Members of Canal Commission View Industries

TO DECIDE LOCATION OF CANAL

The United States Board of Engineers, appointed by the Government to hold hearings with reference to the Lake Erie & Ohio River Canal and to make recommendations as to which route should be selected by federal authorities for government construction, arrived at Lock No. Four this morning on the Fairmount express. A short time later they left on the steamer William Whigham of the Carnegie Steel company line, for an inspection of the industries along the Lake Erie & Ohio River point and Pittsburgh as well as to make note of the unloading facilities now in use at the various steel plants.

Col. W. V. Judson and Lieutenant Colonel Edward M. Morgan compose the Board, the third member unable to attend. They were accompanied by W. H. Stevenson, President of the Lake Erie & Ohio River Ship Canal; John E. Shaw, treasurer, Burd S. Patterson, secretary and Tom P. Sloan, also members of the same Commission; W. C. Reitz of the Pittsburgh Steel Company, who was chairman of arrangements for the trip; J. M. Clark, of the Chicago University, who is studying the economic features of the district; John G. Eicheleay, Jr., chairman of the rivers and harbors committee of the Pittsburgh Chamber of Commerce; J. W. Arras, senior engineer in charge of river improvement of the Allegheny river; J. Frank Tilly, secretary of the Coal Exchange; Capt. Herman Rodgers of the Rodgers Sand company; William Whigham of the Carnegie Steel company, John S. Herron, President and Daniel Winter and W. Y. English of the Pittsburgh Council. Capt. Al. Ackard, superintendent of Transportation of the Carnegie Steel company as well as a large number of other gentlemen prominent in the affairs of the Pittsburgh district and who are vitally interested in river improvement.

The visiting party was met at the West Monessen station by a special committee from the Charleroi Board of Trade, composed of Harry W. Scott, R. H. Rush and Kerfoot W. Daly, as well as W. C. Sutherland and John G. Parke, of the Pittsburgh Steel company.

Immediately after arrival the party went to the water front above the lock and boarded the special barge in tow of the steamer Whigham, and in a very short time was on the way down the river on the tour of inspection. Special provisions had been made by the Carnegie Steel company for the comfort of the guests, and with a clear day in prospect the Army Engineers will get a firsthand glimpse of the great industries of the valley, which would produce such an immense tonnage for transportation. IDLE WAR BONDS TOTAL \$5,000,000

Declaring that serial issues afford the most economical bonding methods, the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., issues the following statement:

"Economists and the public generally are evincing a lively interest in that paragraph of Senator Harding's speech of acceptance in which he declared it to be the duty of the Government to make its Liberty and Victory bonds worth all that its patriotic citizens paid in purchasing them. Inasmuch as there are outstanding at the present time approximately \$20,000,000 worth of those securities, estimated to be in the hands of about 10,000,000 of our citizens, it is apparent that any suggestion to restore the \$2,000,000,000 of sales value they have lost through depreciation of the market commands the immediate attention of a vast number of people.

"One of the most recent authorities to discuss the matter is Mr. H. N. Lawrie, an economist of Washington. He declares that at the present time some \$5,000,000,000 of war bonds are lying idle in the banks of the country. They represent bonds placed upon the market and not actually sold to investors, but which the banks were forced to absorb. Mr. Lawrie estimates that the retention of such a large volume of undigested war paper in the banks is consuming fifty per cent of the normal potential banking resources of the country. He contends that the reason why the bonds have not been taken up by the public is that they carry an interest rate that is not competitive with other investments in the bond market, and that has caused the decline of their market prices. 'Sound economics and common sense business,' declares Mr. Lawrie, 'demand that the evil be rectified at the earliest opportunity.'

"As a means to that end, Mr. Lawrie recommends the early refunding of the war debt into bonds exchangeable for those now held. He asserts that financial experts are of the belief that the interest rate of the new issue would not greatly exceed 5 per cent and that they should be spread over a period of fifty years. If that were done, says he, war bonds would be on a competitive basis with other issues, the huge amount now held by the banks would be moved, and the industry of the entire country would feel the benefit of the tremendous increase in banking resources.

"Victory Notes to the amount of over \$4,000,000,000 fall due in 1923, and Congress must provide a refunding plan for them. Then will be the opportunity to make provision also for the rest of the national war debt. Not only will the advantages enumerated by Mr. Lawrie be gained by a general refund to a higher rate bond, but additional economies can be effected if the new issue takes the form of serial bonds, a fixed proportion being retired each year of the period for which they run.

"It has been demonstrated by expert bondmen that serial issues are by far the most economical from the standpoint of the issuing authority. The State of Massachusetts has passed a law that all municipal indebtedness in the future shall take the form of serial issues, and other States and some cities in Canada have adopted similar policies. During the debate on the Fourth Liberty Bond Act in the Senate, former Senator Weeks of Massachusetts urged the serial method, demonstrating by comparative tables the economies of the serial over the antiquated sinking fund system.

"Senator Harding, if elected to the Presidency, will be free to adapt what course he chooses to restore the true value of Liberty and Victory Bonds. It is apparent that the means are at hand for him to carry out the suggestion in his speech of acceptance. A discussion of the subject at this time is valuable in calling the people's attention to the opportunity which is theirs to place a man in the White House with a realization of the Government's duty to make good the huge losses sustained by its bondholders."

PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, AT THE ELECTION TO BE HELD ON TUESDAY, NOVEMBER 2, 1920, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION.

Number One.
A JOINT RESOLUTION
Proposing an amendment to section eleven of article sixteen of the Constitution of Pennsylvania.

Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of the Commonwealth of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

Amend section eleven, article sixteen of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"No corporate body to possess banking and discounting privileges shall be created or organized in pursuance of any law without three months' previous public notice, at the place of the intended location, of the intention to apply for such privileges, in such manner as shall be prescribed by law, nor shall a charter for such privileges be granted for a longer period than twenty years so that it shall read as follows:

The General Assembly shall have the power by general law to provide for the incorporation of banks and trust companies and to prescribe the powers thereof.

A JOINT RESOLUTION
Proposing an amendment to Article nine, section eight of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

That article nine, section eight be amended to read as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law in ascertaining the borrowing capacity of the city of Philadelphia, at any time, there shall be deducted from such debt so much of the debt of said city as shall have been incurred, or is about to be incurred, and the proceeds thereof expended, or about to be expended, upon any public improvement, or in the construction, purchase, or condemnation of any public utility, or part thereof, or facility therefor, if such public improvement or public utility, or part thereof, whether separately or in connection with any other public improvement or public utility, or part thereof, may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay the interest and sinking-fund charges thereon. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue obligations maturing not later than fifty (50) years from the date thereof, with provision for sinking-fund payments to retire said obligations at maturity, the payment to such sinking-fund to be in equal graded annual or other periodic instalments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvement of public works or utilities of any character, from which income or revenue is to be derived by said city or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of the interest and sinking-fund charges thereon, and which may accrue thereon, and until the expiration of one year after the completion of the work for which such indebtedness shall have been incurred, and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of said work.

POST NOTICES OF NEW TIME TABLE

The Pennsylvania system on Monday posted notices announcing a new passenger train time table, effective next Sunday. As is the custom, the notice advises of "Important Changes." This change applies only to the Central region of the system, and, in effect, merely provides for going back to the old schedule effective before this season's daylight savings. Commuters are advised to get a new time table and look up their favorite trains, as there will be slight changes in time for departing and arriving. There is nothing radical, however.

Charleroi People

Are Taking Kindly to Simco Salve. and F. J. John is reporting pleased customers.

SIMCO SALVE is immediately active in reducing the soreness of the tender, sensitive lungs of infants or the lungs of the sturdy parent alike, thereby reducing the fever.

The magic wonder is that relief comes so quickly. It frees clogged nostrils and inflamed air passage in the head, which inflammation sometimes leads to catarrh and impaired hearing.

SIMCO SALVE is a modern, efficient ointment, active in killing germs, and therefore gets prompt results when used for eczema and other skin troubles; distressing, tortured skin that burns like fire is soothed immediately. Those common, continued ear beatings and nose sores are checked by inserting small quantities of SIMCO SALVE.

It is perfectly pliable and is a mighty good modern liniment for all liniment needs.

When you buy SIMCO SALVE what you pay for is satisfaction and that is what we guarantee to you.

Better be prepared at once; go to F. J. John's drug store today and get a jar. Price 20c, 60c and \$1.00 per jar. If your druggist does not keep it, send us 35c and the parcel post will bring it to your door by return mail Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburg, Pa.

Make Your Own BUG KILLER P. D. Q.

You can easily make at home a full quart of the strongest bug-killer for 50c. enough to kill a million bedbugs, roaches, flies and ants. This recipe will not burn, nor stain the clothing and is entirely different from any other formula we know of. It will kill the eggs.
Put in a quart of water in a package of (Bayer's Liquid Quinine) P. D. Q. then you will have the chemical made expressly to kill bedbugs, roaches, flies and other insects.
It is possible for the pesky devils to exist with the proper use of P. D. Q.
Put in 10 drops of P. D. Q. in five gallons—your druggist has it or he can get it for you or sent prepaid either size by the Owl Chemical Co., Terre Haute, Ind., upon receipt of price. Look for the devil's head on every package.

portation over the proposed canal. Already over 75,000,000 tons annually have been promised for the enterprise as soon as the waterway is completed.

Tomorrow the Commission will go to Youngstown for additional hearings and from there will make an auto tour to the Lakes to look over the site of the proposed canal.

Tom P. Sloan joined the party here and may go on to the Lakes.

FINAL BALL GAME TOMORROW AFTERNOON

What is expected to be the greatest game of the season in this section of the valley will be staged in Monessen tomorrow afternoon, when the Charleroi Independents meet the Page Steel and Wire team. The game will be called at 5:15 p. m. Both teams will be strengthened for the game and some players of note will be in each line-up.

YOM KIPPUR WILL BE OBSERVED WEDNESDAY

September 22 will be observed as Yom Kippur, the Day of Atonement, by the Jews throughout the world. This is the greatest feast of the Jewish year. From sunset of the 21st till sunset of the 22nd the observant Jew neither eats, nor does he drink, but devotes the day to fervent worship. It is a day for searching the heart to find peace with God.

The genial and smiling face of Mrs. Amelia (Rogers) Wiley will be missed from Lock No. 4 for the next few days, as she is making a belated honeymoon trip with her husband, Clayton R. Wiley, who is engineer on the steamer Warren Elsey, of the Vesta Coal company line. They will tour the Great Lakes and visit relatives in Montreal, Canada. During the absence of Mr. Wiley, his place on the Elsey will be filled by Charles Crabb of Lock Four.

AN ANNOUNCEMENT

of our appointment by the Sterling Tire Corporation of Rutherford, N. J., as direct factory distributors.

After careful consideration we have decided on STERLINGS as the tires to pay us dividends in the form of satisfied customers and repeat orders. Practically all of the better known tires are good.

We don't like to say

Sterling Tires

are the best tires

We would rather have you test one against what you think is the best. We are willing to accept your verdict.

You can buy something that looks like a tire for any price you fix, but 80% of the

cost of a tire is in the materials. The only way to make a cheap tire is to use cheap materials.

STERLINGS are not cheap but they give "high mileage at low cost."

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Me., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything

down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad.

"I kept hearing so much about Argo-Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all.

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for

URGES HIGHER PAY FOR SCHOOL TEACHERS

Thomas E. Finegan, state school superintendent, on Monday in an address to the Chamber of Commerce at Harrisburg, declared for more pay for teachers, 10 months' school in rural districts, more training for teachers and the extension of the junior high school to rural districts.

"The spirit of wanting to help others is what makes suffering men and women give these splendid public endorsements of Argo-Phosphate said a local druggist. Dispensed by Pipers Pharmacy.
